

WATER SECTOR Consultancy

“ About REPL

Rudrabhishek Enterprises Limited (REPL), with a legacy of more than 30 years, has become an established brand in the domain of Urban Development & Infrastructure Consultancy. The Group has successfully planned and delivered complex assignments of diverse nature in the Urban segment, including various Planning projects, Infrastructure projects, Real Estate projects, and Water Infrastructure projects. The variety of assignments includes Residential, Commercial, Group Housing & Integrated Township projects, Hospitals, Hotels & Recreational Facilities, Water Supply, Sewerage & Sanitation Systems, Regional Plans, and Master Plans.

Our expertise in Water Consultancy further strengthens our position as a trusted partner in developing sustainable infrastructure solutions. REPL is extensively associated with GOI's flagship programs such as Smart Cities, AMRUT, PMAY, Jal Jeevan Mission, DAY-NULM, PMGSY & Skill India Mission at multiple locations under various capacities. From water supply and sewerage system design to treated wastewater recycling, stormwater drainage, and riverfront development, REPL delivers customized, technology-driven solutions tailored to meet project-specific needs.

”

Water Sector Consultancy

REPL holds impeccable credentials in the water infrastructure consultancy domain, offering comprehensive solutions for projects of varying scale and complexity. With extensive involvement in central government flagship programs such as Jal Jeevan Mission (JJM) and AMRUT 2.0, REPL is recognized as a consultant of choice for water and wastewater projects.

Our Role Spans

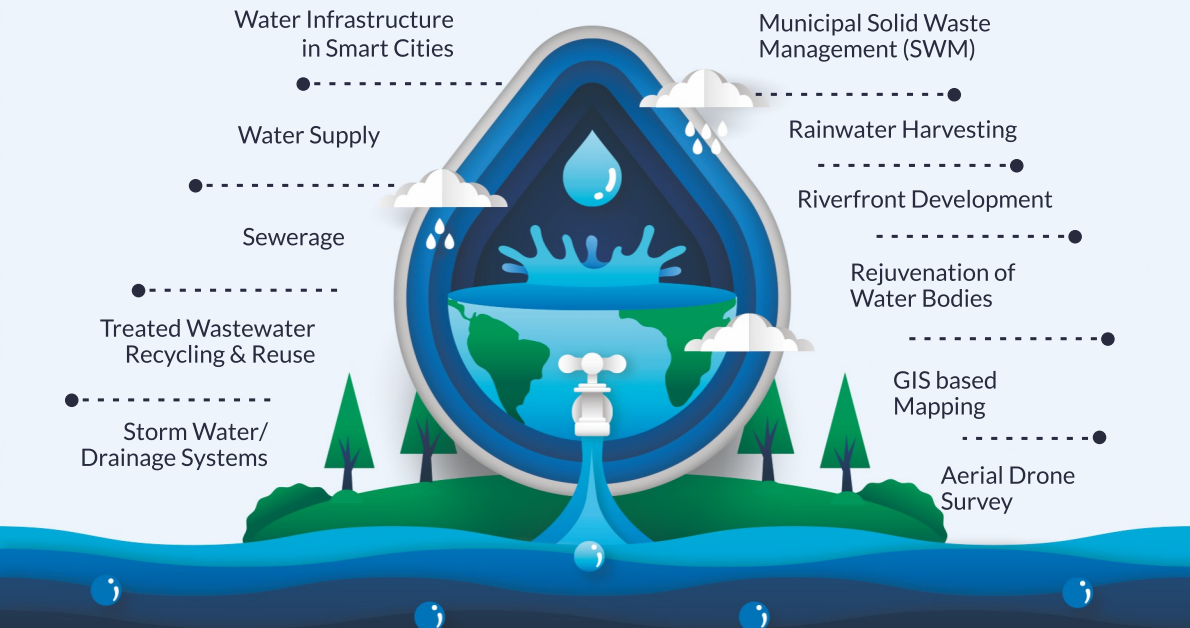

- **Feasibility Studies**
- **Detailed Project Reports (DPR)**
- **Bid Processing**
- **Construction Supervision**

Project Management

- **Project Development & Management Consultancy (PDMC) services**
- **Third-Party Inspections & Quality Control (TPIQ)**
- **Supervision & Quality Control (SQC)**

Our engineering team is adept at addressing the challenges of large-scale projects in difficult terrains, ensuring efficient and innovative solutions that align with project objectives.

Key Areas of Expertise

Why Us?

- Delivered 150+ projects in urban development
- Covered 100+ cities Across 20+ states
- Large network of trained survey personnel
- Extensively working on GOI & State Government projects
- Team presence across various parts of the country
- Integrated services from feasibility to delivery
- Capability of handling large-scale complex projects
- In-house experts (Design Engineer-Water, Sewerage & Drainage, SWM, CAD, Structural Engineer, Hydraulic Modeller)
- PMC Contract in Rural / Urban worth Rs. 11000+ Cr
- TPI Contract of worth Rs. 10000+ Cr.
- 1500+ Surface & Tubewell Schemes

Indicative Projects

REPL has consistently demonstrated its expertise in delivering comprehensive solutions across diverse water infrastructure projects. From designing water supply schemes for remote rural areas to managing urban wastewater systems, REPL has played a pivotal role in transforming water resource management for various regions. Our project portfolio includes multi-village schemes, urban water infrastructure planning, and innovative initiatives such as stormwater management and riverfront development, making us a trusted partner for both government and corporate entities.
